SCOTT PODIUM PRO PANTS

420076

The SCOTT Podium Pro pants represent the very latest in motocross pant design and technology. Featuring a wide rear elastic waist band, articulated pre-cut panels and full stretch fabric, these innovative MX pants are fully designed to move perfectly with your body as you make your way to the front of the pack. Also featured are several ventilation solutions including laser cut vent holes to keep you cool in the hottest of riding conditions. When it comes to durability, these motocross pants are fitted with super-strong 900D rear seat panel for improved abrasion resistance and premium genuine leather knee panels with ballistic backing. The Podium Pro Pants also feature our unique alloy hook closure system, which as well as reducing weight, is ultra-comfy when in the seated position.

CONSTRUCTION: DUROxpend, DRYOxcell

COMPOSITION: SHELL: 92% Polyester 8% Elastane

FIT: Athletic

SIZE: 28-38

APPROX. WEIGHT: 480g

FEATURES:

- Articulated pre-cut panels for maximum range of motion
- Unique and secure alloy hook closure system
- Wide rear elastic waist band for maximum mobility and comfort
- 900D rear seat panel for improved abrasion resistance
- Fully taped seams
- Laser cut ventilation holes
- Leather knee panels with ballistic backing for durability
- Perforated mesh panels at back of legs for optimal airflow
- Sublimated fabrics with premium graphics and long-lasting colors
- Designed for freedom of movement

APPAREL TECHNOLOGIES

DUROXPAND

A four-way stretch fabric, DUROxpand gives you the freedom of movement and flexibility for adventures that require a greater range of motion.

DRYOSPHERE

DRYOsphere fabrics provide a waterproof/breathable barrier from the elements. A shield against water and wind, DRYOsphere fabric also allows for water vapor to escape from the body, keeping you dry and comfortable in any condition.

LITE-AIR

Lite-Air technology utilizes cutting edge construction methods and lightweight materials to provide maximum levels of ventilation and breathability by increasing airflow around the body to keep you cool when being active.

DRYOXCCELL

DRYOxcCell is a quick-dry technology that wicks moisture away from the skin and disperses it in the fabric over a larger area, protecting against saturation. This accelerates evaporation and keeps you drier for longer.
